Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

s+b celebrating 25 years: In January 2002, C.K. Prahalad and Stuart Hart, professors at the University of Michigan and North Carolina, respectively, urged leaders to imagine the world's 4 billion poorest people as potential consumers — and described precisely how they could engage them profitably. The prophetic article was followed by the best-selling 2004 book of the same title.
