About this Book - Java Persistence with Hibernate, Second ...

The first half of this tutorial introduced fundamentals of the Java Persistence API and showed you how to configure a JPA application using Hibernate 5.3.6 and Java 8. If you've read that tutorial and studied its example application, then you know the basics of modeling JPA entities and many-to-one relationships in JPA.

Hibernate and Java Persistence. If you're new to Hibernate, we suggest that you start reading the book with chapter 1 and begin coding with the "Hello World" tutorial in chapter 2. If you've used an older version of Hibernate, you should read the first two chapters quickly to get an overview and then jump into the middle with chapter 3.
